

# VARIFOCAL WDR DOME CAMERA **MXC-DV2260PVF**

## Colour580 TVL Sony 1/3" WDR Super High Resolution Vandal Dome Camera

MAXCOM dome cameras are truly superior quality. Super High Resolution colour cameras with the latest advance 4th generation 1/3" Sony Double Scan. Designed for surveillance application where a high definition image and true colour reproduction are required. The Wide Dynamic Range (WDR) function of a camera is intended to provide clear images even under back light circumstances where intensity of illumination can vary excessively, namely when there are both very camera. WDR enables the capture and display of both bright areas and dark areas in the same frame, in a way that there are details in both areas, i.e. bright areas are not saturated, and dark areas are not too dark. They are furnished with a 2.8 ~ 10.5mm varifocal auto iris
